Package

"Metro Mobile" theme has ten color schemes: **Blue, Teal, Green, Lime, Golden, Orange, Red, Violet Red, Purple** and **Black & White**.

The package contains the following folders: "metro_mobile", "Metro Mobile PSDs" and "Metro Mobile XMLs".

- **"metro_mobile"** contains the main theme image directory (for uploading);
- **"Metro Mobile PSDs"** contains the Photoshop files used for creation of the theme (not for uploading);
- **"Metro Mobile XMLs"** contains the XML files to import the theme.

Each color scheme has one XML-file to install.

Installation

The theme contains ten color schemes and to install any of them you must follow these steps. It is very important to install the theme as written bellow.

1. Upload the folder "**metro_mobile**" to your web server using an FTP client. The folder must be placed to *yoursite.com/images/*.
2. Log in to your forum administrator control panel and go the **Styles & Templates > Download / Upload Styles** section.
3. Under the **Import Style XML File** section, press "**Browse**", find your main theme XML-file (*Metro-Mobile-Blue.xml*). Under the **Parent Style** section, choose **Mobile Styles – No Parent Style** (important!). Then import the theme by pressing "**Import**" button at the bottom without changing any other settings.

IMPORTANT!

Metro-Mobile-Blue.xml is the core theme file. You must install this file prior to installing any other color schemes

Import Style XML File Help ?

EITHER upload the XML file from your computer Browse... ?

OR import the XML file from your server ?

Merge Into Style
(Selecting a style here will cause the imported style to be merged into an existing style, overwriting any conflicting entries. Leave blank to create a new style) ?

Ignore Style Version ☐ Yes ☒ No ?
Use style file **even** if it was created by a different version of vBulletin?

The following options apply only if you are creating a new style, rather than overwriting an existing style

Title for Uploaded Style
(Leave blank to use the style title specified in the style file) ?

Parent Style ?

Display Order ?

Allow User Selection ☒ Yes ☐ No ?

4. (OPTIONAL!) To install other color schemes make sure you have installed the core theme file (*Metro- Mobile-Blue.xml*) as described in step 3. Then go to the **Styles & Templates > Download / Upload Styles** section again. Press "**Browse**" and find your desired color theme XML-file (*Metro-Mobile-color.xml*). Choose "Metro Mobile Blue" as the parent style in the "Parent Style" section and press "**Import**" button.

When you complete importing you will see theme hierarchy like that in "Styles & Templates" > "Style Manager"

Style Manager					Help ?
<input checked="" type="checkbox"/> Metro Mobile Blue	1	Style Variable Editor	Go	<< >>	
- - <input checked="" type="checkbox"/> Metro Mobile Teal	1	Style Variable Editor	Go	<< >>	
- - <input checked="" type="checkbox"/> Metro Mobile Green	2	Style Variable Editor	Go	<< >>	
- - <input checked="" type="checkbox"/> Metro Mobile Lime	3	Style Variable Editor	Go	<< >>	
- - <input checked="" type="checkbox"/> Metro Mobile Golden	4	Style Variable Editor	Go	<< >>	
- - <input checked="" type="checkbox"/> Metro Mobile Orange	5	Style Variable Editor	Go	<< >>	
- - <input checked="" type="checkbox"/> Metro Mobile Red	6	Style Variable Editor	Go	<< >>	
- - <input checked="" type="checkbox"/> Metro Mobile Violet Red	7	Style Variable Editor	Go	<< >>	
- - <input checked="" type="checkbox"/> Metro Mobile Purple	8	Style Variable Editor	Go	<< >>	
- - <input checked="" type="checkbox"/> Metro Mobile Black & White	9	Style Variable Editor	Go	<< >>	
Save Display Order					Search in Templates

PSD Files Description

All icons are in vector format. So they can be easily customized for any color scheme.

- **buttons.psd** – contains icons from the “**buttons**” folder;
- **cms.psd** – contains icons from the “**cms**” folder;
- **metro-icons-24.psd** – the logo
- **misc.psd** – contains icons from the “**misc**” folder;
- **search_results.psd** – contains icons from the “**search_results**” folder;
- **site_icons.psd** – contains icons from the “**site_icons**” folder;
- **statusicons-large.psd** – contains icons from the “**statusicon**” folder;
- **statusicons-small.psd** – contains icons from the “**statusicon**” folder;

Font

The font used in the theme is [Open Sans](#). Only "Book 300", "Normal 400" and "Semi-Bold 600" styles of the font are used.

Thanks for purchasing our theme! If you have any questions that are not answered in this documentation, feel free to contact us via [our profile](#) at themeforest.net, or by email – support@pixelgoose.com
